

LA CIMBALI

Versatility at Its Best

Flexibility

The fully automatic S20 can boast an impressive 96 possible recipes to meet all these needs that can be customised and guaranteed to last up to 200 cups a day.

Performance

Thanks to the preheated metal brewing unit, you can achieve outstanding results, even for single-origin and specialty coffee, with a guarantee of consistent extraction over time. High-capacity boiler to guarantee high performances for hot water and steam. Power station configuration, with two machines and a cooling unit, to respond to moments of peak use.

Ideal location

Ideal for office social spaces, for bakeries, for hotel breakfast and all other self-service environments – the S20 is an intelligent fully automatic machine with a remote function for simple and intuitive planning and a flexible menu choice based on milk, coffee and chocolate beverages, with powder or fresh milk solution.

Connectivity

An intelligent and smart machine featuring bidirectional telemetry, a CUP4YOU app option and a remote-control function.

The S20 is a testament to LaCimbali's commitment to versatility.
It delivers consistent quality across a wide range of beverages:
