ESPRESSO MILANO

ROCKET ESPRESSO PRESENTS

BICOCCA

Rocket's relentless pursuit of improvement involves rigorous analysis of new technologies, challenging historical traditions, and embracing innovative experimental methods. The outcome: **Bicocca**, an exceptional espresso machine and experience designed for the most discerning coffee connoisseurs.

BICOCCA STAINLESS SILVER

BICOCCA BLACK

When Rocket presented the design brief to Valerio Cometti+V12 Design, the vision was to design an elegant and purposeful espresso machine that upheld premium performance while honoring craftsmanship.

This resulted in the birth of Bicocca, the flagship model within our domestic espresso machine range, catering to the prosumer category.

The taut geometric lines of the machine panels reinforce the concept of solidity and reliability, qualities that are mandatory in a high performing product.

The Bicocca's bold architecture is a visual cue to the machines internal engineering that is designed to exceed the needs of even the most demanding home barista.

MAIN FEATURES

- Double stainless steel boilers
- Coffee boiler capacity: 0.5 l
- Boiler capacity: 1.5 l
- Boiler covering for energy saving
- 3.5" touch screen display with new HMI
- Rotary pump
- Water connection or water tank
- Water tank capacity: 1.8 l
- Tank reserve sensor
- New filter holder
- Dimensions (W x D x H): 409 x 465 x 400mm
- Weight: 35 Kg

The Bicocca's cylindrical group head is visually bold and deliberately separated from the machine body.

The design pays homage to its technical capabilities with an intuitive touch-sensitive interface placed on the upper face.

This allows even more refined control of the coffee delivery, the cornerstone of professional level performance
